

BUDGET BILLING INFORMATION AND APPLICATION

Lake Worth Utilities offers a Budget Billing option to qualified residential customers who experience seasonal peaks and valleys in their bill amounts. Budget Bills are calculated based on a customer's average bill amounts over a 12-month period. In order to qualify for this plan, a customer must meet the following requirements:

- Full-time residency with at least 13 months of continuous utility service at the current service address.
- Must have an excellent payment record – no late payments in the past 12 months.
- Must have a “zero balance” on the utility account at the start of the plan.

Budget Bill accounts will be reviewed and re-calculated at least once every 12 months. If a debit balance exists at the time of this true-up, it must be paid in full. Conversely, if there is a credit balance, the credit amount will be applied to the customer's bill.

For more information, or to apply by telephone, please call (561) 533-7300.

If you wish to apply by mail, please print this page, complete the form below and mail it to:

Lake Worth Utilities
